“My first trip to the Himalayas was in 2002. This was a connection with a profound, immense and beautiful nature. The Himalaya Mountains, the open spaces, the vibration, the pure ancient energy, transformed into a feeling so deep that it felt like **Heaven in my Heart**. A dream seed was planted, which now has grown into a adventurous “Once in a Life time Journey”. Join me to face and meet your own peace of heaven in the Himalaya.

Turen til Himalaya med Mette var så fantastisk. Dejlige mennesker og fantastiske oplevelser. Kontrasten mellem det livlige og betagende i Risikesh og den fantastisk skønne natur oppe i bjergene var så utrolig fascinerende. De tilrettelagte ture til de forskellige templer var så livsbekræftende og spændende. Indkvarteringen i telt campen i bjergene var perfekt, omgivelserne var så utrolig smukke og fredfyldte. Vores guider var så søde og servicemindede og de gjorde turen så dejlig, da de var der for at hjælpe os i alle henseender hele turen igennem. Jeg kan ærligt sige, at det var en af de bedste oplevelser, jeg nogensinde har haft. - **Susanne**

Der er meget at fremhæve, men det bedste var nok, at Mette og hendes team i Indien sørgede for, at vi absolut ingen bekymringer skulle have omkring det praktiske. Jeg kunne læne mig tilbage og kun tænke på at opleve den helt fantastiske natur i bjergene, templerne, pragtfuld mad, powershopping i Risikesh, skøn yoga og en masse dejlige og glade mennesker. Det indiske team, der var med os overalt, var så søde og hjælpsomme at det oversteg alle forventninger – det er i sandhed en “once in a lifetime” tur som man skal give sig selv, hvis man kan. - **Dorthe**

Tusinde tak for en helt unik oplevelse som jeg vil huske resten af mit liv. Mette, du og dit fantastiske team med Manoj i front fyldte både mit hjerte og sind med så mange storslåede ydre og indre oplevelser og erkendelser. Det var først fremmest smukt og sjovt- lidt hårdt indimellem, meget lærerigt og inspirerende - og det har fyldt og fulgt mig siden- og er sikker på at alt de gode vibrationer vil følge mig i lang tid fremover. En helt unik rejse som jeg under alle at prøve mindst 1 gang i deres liv. - **Jeanne**

Spiritual Pilgrim and Kundalini Yoga Journey to the Ancient Himalaya 12. October – 26. October 2019

13. Oct. Risikesh – The Capital of Yoga

Risikesh is called the Capital of Yoga because of the energy presence from 7 main source Rivers merging into the Ganges River. Great portal of energy from these rivers also gives the spiritual, mystical connection to Yoga capital and the spirit from holy men. We will enjoy the area, go shopping, enjoy and experience the Holy Fire Ceremony by the Ganges in evening time. The atmosphere is very global mixed, dramatically, impressive and you sense the Yoga spirit all over.

14. Oct. - Risikesh and The Ganges River Bath – Ganges represent your Sushumna "Your Lifes Energy"

We will go for Ganges Bath – Ganges Bath means purification of Sushumna Nadis so your Shakti energy can flow freely. Ganges is carrying healing herbs and minerals which purifies your physical and subtle body. The colour of Ganges the season we enter is amazing, almost Amazonite colour which will follow our eyes on the Journey up into the Himalayas. I loved the feeling from Beauty Ganges surrounding and purifying my Body.

15. Oct. - Driving up to Base Camp – Our Safe Homy Base Camp located 1600 meter up in the Himalayas

We are surrounded by mountains where views can change from clear to cloudy. You deeply feel that Mother Nature rules. The great Moutain Chaukamba 7400 meter stands out in all its Glory. We live in modern tents with fully cosy inner comforts, electricity and great bathrooms. Garden area with lots of beautiful colourful flowers and exotic singing birds. The lush green Camp area is build on terrace levels. Flowers with lounge areas for you to chill out and embrace the wonderful high energy vibration. The dining hall is charming and evening fireplace brings us a cozy atmosphere. We receive fabulous heartfelt service and great Vegan food. Close to Base Camp we can go for a beautiful walk up to the farmer village where abundance green areas, mountains and cornfields meet your eyes. From this amazing Camp we track out to all our spiritual adventures and coming home we often enjoy Kundalini Yoga & Meditation.- I just love this Camp and it's visionary owner.

16. Oct. - Temple of Marriage TriYuga Narayan Parvati

In this great temple the sacred fire is burning since ancient times. This is where God Shiva and Parvati – Goddess aspect of love, fertility and devotion got married with Vishnu as priest. A Priest will grant us Pooja. The energy represents your inner marriage with your higher self, but also the blessings of couples in relationships, or wishing to get married. This Temple is a prime juvel where we will recieve Pooja blessings.

17. Oct. – Helicopter to Kedarnath Temple and open air temple Kala Bhairav

Helicopter flying through beautiful landscapes creatively shaped, we enter Kedarnath Temple with the Jyotir Lingam representing back of Shiva and outdoor temple Kala Bhairav. Jyotir lingam means the symbol of LIGHT and represents the awakening soul that travels from darkness to light. From ignorance to wisdom. Kedarnath Temple first constructed about 5000 years ago. This area is magical and the energy represented is strong, dynamic and brings a lot from within up to the surface. You feel the divine powerful energy from God Shiva the creator, preserver and destroyer of negativity. In the open air temple we will recieve divine Pooja blessings.

18. Oct. – Base Camp – RESTING DAY - Free of choice

I recommend we go for a beautiful walk above the camp area. Enjoying the beautiful scenery and the small green farming village. The cosy atmosphere from cow bells, charming village buildings, happy children laughing and the snow peeking mountains surrounding us,- promise it will fill your senses with happiness.

19. Oct. – Sacred Pilgrim track Goddess Anusuya Devi Temple

The area around the tracking point is amazing and beautiful shaped. Also the track to the top is so beautiful green and fertile. Very high energy frequency and you feel the presence from The Goddess of fertility, innocence and abundance. At the top there is a waterfall and we will bring Turka if anybody want to take a dip. We will receive Pooja blessings in this beautiful settings. My first personal description from 2002, I called this track the Diamant Pilgrim track, because the path was shining so beautifully. I also remember feeling overwhelmed with love, softness, protection and being grateful.

20. Oct. – Base Camp – RESTING DAY - Free of choice

The day is planned to visit a village where you can buy beautiful handmade silk, pashmina or wool shawls.

21. Oct. – Sacred pilgrim track Shiva Tungnath at Chandra Sheeca mountain

This Temple has the Lingam representing Shivas Heart and shoulder. The highest temple in India 3800 m high and 3000 years old. The energy is strong, powerful and God Shivas dynamic, and transforming energy follows you up and down this amazing Pilgrim track. We will receive transformative Pooja blessings. You find personal time to connect to your Heart Chakra and Throat Chakra. If clear clouds we can walk further up from first temple to the top. From there you will stand eye to eye with the clouds, or gaze down at them where they look like cloud carpets, the view is breathtaking. The track up is with big open green spaces, flat raw rocks tracks and surrounded by mountains and clouds. You hear the bell sounds from mules walking up and down.

He is the son of Shiva. To enter you get the feeling of stairs up directly into the heavens. Entering the grand gates to The God of peace and light. With breathtaking Panorama top view. You feel the powerful and deep presence from these energy aspects and the flow in your body and every cell. Also the connection to heavenly grand energy from Mother Nature, the Divine Powerful Temple, Sacred Saints, Holy Yogis and Priests which have imprinted the vibrations for us to absorb. The feelings of mystical adventures meet you along with raw rocks silence and nature lushness.

24. Oct. – Risikesh with visit at Devaprayag - Holy Purification Place which is the Ganges Rivers Birth point

We will take a dip and experience the powerful energy from this Holy Purification place where 2 rivers merging into giving birth to Ganges River. The 2 Rivers energy and transformation aspect: 1. River Bahgizaitt – the water surface is very dynamic and dramatically and has Shiva aspect = Shiva the creator, preserver and destroyer of negativity. Shiva is also representing the absolute, the unmanifest transcendental reality of existence. The Trishul is Shivas weapon to kill ego. 2. River Akaknanda - the water surface is very calm and smooth and has Vishnu aspect = Vishnu the protector of the world and the restorer of moral order. After dip we will go up into the Sacred Rama Tempel for closure. And then we drive to our final hotel in Risikesh.

25. Oct. – Risikesh – RESTING DAY - Free of choice - shopping, River Rafting etc...

26. Oct. – Departure day

NB: "The Spiritual Pilgrim Tracks, I would recommend that you walk in silence. To allow yourself to feel and sense the ancient, holy and strong energy presented on the tracks. Also to view the profoundly beauty from nature meeting your eyes and vibration when you walk along these amazing Pilgrim Tracks. This will feel like inner Meditation where you can engage to inner transformation for peace, light and transformation. When we enjoy Yoga classes we will integrate your personal vibration caught from Pilgrim tracks. For me personal the after effect was pure magic with deep inner blessings."

Pilgrimsrejsen i Himalaya er for mig helt unik. En fysisk udfordrende vandring i den mest fortryllende natur- i mødet med den fascinerende indiske kultur- og samtidig en dybt forløsende vandring i sindet. Indre dæmoner blev efterladt i bjergene og gav rum og plads til følelsen af frihed- frihed til at føle mere kærlighed til mig selv og til mennesker omkring mig. De skønne, rene, levende energier fra Himalaya fylder mig stadig- jeg fandt mit hjerte i Himalayas bjerge. - **Lili**

For mig var rejsen til Himalaya en begyndelse på et nyt liv. Det var de store følelser fra befriende tårer til vild jungledans men helt bestemt også fred i sindet og det er mange år siden jeg har sovet så godt som jeg gjorde i teltet på vores dejlige camp. Naturen i bjergene er helt fantastisk, luften er ren energi og der er store kræfter på spil de steder vi besøger. Tak til dig Mette- og til dit team af dygtige og omsorgsfulde guider. Jeg er meget imponeret over den ro, tryghed og styrke du viser. Du har også godt øje for hver enkelt deltager i gruppen samtidig med at du er helt din egen. Jeg kom hjem fyldt med glæde og overskud. Jeg gjorde bestemt gerne rejsen om igen. - **Bente**

Himalaya for mig, var en mulighed for at tro på, at vi langt hen ad vejen styrer vores skæbne. Jeg følte enormt meget lettelse og ro og en sund form for "ligeGYldighed". En "det skal nok gå alt sammen" -fornemmelse. Det var ligesom at lægge sig i en seng med rent sengetøj :) Jeg er vild med det og vender helt sikkert tilbage! - **Kamilla**
